## For Immediate Release

September 17, 2014

### **ZACHRY-ODEBRECHT PARKWAY BUILDERS CONTINUES WORK ON GRAND PARKWAY**

*Weekend closures scheduled for I-45 North as crews progress with construction*

Construction has moved at a rapid pace for Grand Parkway Segments F-1, F-2 and G. Zachry-Odebrecht has completed substructure work along a portion of the future I-45 N interchange and will begin superstructure work on the northbound mainlanes of the Grand Parkway. As part of the super-structure work, crews are scheduled to set over thirty beams this weekend.

In order to safely set the beams, work crews will implement a **total closure of the northbound I-45 N frontage road from FM 2920 to Spring Crossing nightly from 8 pm to 1 pm beginning Friday, September 19 through Sunday, September 21.** In addition, **three northbound left mainlanes will be closed from FM 2920 to Spring Stuebner beginning 8 pm Friday, September 19 to 1 pm Saturday, September 20** as well as **three southbound left lanes at Spring Crossing from 5 am to 1 pm on Sunday, September 21.**

Motorists traveling on the northbound frontage road will be detoured to Spring Stuebner West then to the southbound frontage road to the Louetta turnaround to the I-45 mainlanes. Law enforcement will be onsite to help ensure the safety of motorists and help maintain traffic. To view all lane closures for the Grand Parkway Segments F-G, visit the Getting Around section of [www.grandparkway99.com](http://www.grandparkway99.com) and follow us on Twitter @sh99fg.

Scheduled lane closures are subject to change.

#### **About Zachry-Odebrecht**

Zachry-Odebrecht Parkway Builders is a fully integrated design-build joint venture that assembled a team with deep engineering and construction resources, significant local knowledge and experience, and complex transportation project experience to build the Grand Parkway, Segments F-1, F-2, and G.

#### **About Zachry**

Rooted in 85 years of experience, Zachry Construction Corporation was formed in 2008 in a realignment of the Zachry family enterprise. We value our reputation and successes in leadership by CEO David Zachry's grandfather, H.B. "Pat" Zachry, and father H.B. "Bartell" Zachry, Jr. The company's legacy includes more than 5,500 public and private sector projects across the country and around the world.

From the Dallas “High Five” Interchange to the U.S. Embassy in Moscow, Zachry Construction Corporation builds structures that matter. Zachry has pioneered techniques that have become the standard for today’s heavy and building construction. Zachry’s strong financial position and innovative private / public partnerships compliments our extensive capabilities to build and maintain complex facilities and infrastructure for our clients. For more details, please visit [www.zachryconstructioncorp.com](http://www.zachryconstructioncorp.com).

#### **About Odebrecht**

Founded in 1944 in Brazil, the Odebrecht Organization is today a diversified business leader that operates in more than 20 countries and employs more than 190,000 people worldwide. Ranked by ENR as the 13th largest international contractor in the world (2012), Odebrecht USA opened its office in 1990, and since then it has successfully delivered projects throughout the United States. Odebrecht has a particular emphasis on public-sector infrastructure projects of vital importance for federal, state and local governments, as well as important private developers. Odebrecht USA has generated more than 84,200 jobs and awarded \$655 million in contracts to small businesses. For more details, please visit [www.odebrecht.com](http://www.odebrecht.com).
